Quiz cards · answer key

Fingerprints Up Close

Q1 · C. Arch
Arches are the rarest. Loops are the most common.

Q2 · A. Before birth
Prints form before birth, and the pattern is set by about 15 to 17 weeks of growing.

Q3 · B. Koala
Koalas. Their cousins, kangaroos and wombats, do not have prints.

Q4 · A. Your nerves
Your nerves narrow the blood vessels under the skin, and the skin puckers.

C1 · Say it your way
bifurcation: a place where one ridge splits in two.

C2 · Draw it
Look for: a big fingerprint drawing with at least one place marked where a ridge ends or splits in two.

The cards name a key marker such as KEY Q2. Answer positions are shuffled for this sheet, so use the letters on this page, not the order in the web quiz. Print the cards and this key separately.
