Where the flash begins

Draw one detail from your scene. Add an arrow or a label to help someone understand it.

carbon · crystal · heat · pressure · scratch · light · facet

Deep underground, … What helped the diamond crystal grow?

A diamond is hard to scratch, but … What could still happen to it?

The flash begins when … What gives the light? How do the facets and watching eyes help?

Read it together. Point to the detail your words explain. If you are writing, check the first capital and the ending mark.
